

Get **AveraChart** Smart

Introducing **AveraChart** Avera's electronic medical record for patients.

Our user-friendly site is a new way to communicate with your care team and review your medical record from the comfort of your own home, or on the go using your mobile device. Wherever you have Internet access, you have access to AveraChart.

Why use AveraChart?

- It's easy
- It's convenient
- It's secure and confidential

Use AveraChart for yourself, your children or your aging parent.

If you see multiple Avera providers, health information from all your providers will be listed on your AveraChart site.

AveraChart

Features of AveraChart:

PROFILE

Review past clinic visits

Update personal information

MEDICATIONS

Request prescription renewals

MESSAGING

Securely message your care team

View billing information*

BILLING

Access discharge summaries*

Review test results

HEALTH RECORD

View upcoming appointments

APPOINTMENTS

**Full functionality of this feature is coming soon*

Signing up for AveraChart is easy.

Tell the registration staff at your clinic or hospital that you are interested in AveraChart. Staff will give you a printout and brochure to help you self-enroll at home. Or, if time allows at your visit, staff can begin the process for you.

Not computer savvy?

You can designate a "proxy," like a family member or caregiver to access your health records for you.
